Pietra Gray Marble

Product Overview

Lashter Marble, also referred to as "Persian Pietra Gray," is a natural masterpiece characterized by its deep gray base accented with fine white veining. This luxurious stone exudes sophistication, making it an ideal choice for premium architectural and interior applications. At ISN company, we specialize in sourcing and exporting this remarkable marble to global markets, ensuring exceptional quality and customization for every project.

Key Features

- **Aesthetic Elegance:** Lashter Marble's dark gray tones and subtle veining add timeless beauty to any space.
- **Versatile Applications:** Perfect for flooring, walls, countertops, and decorative elements in residential and commercial settings.
- **Exceptional Durability:** Resistant to wear and scratches, suitable for high-traffic areas.
- **Affordable Luxury:** Offers a high-end appearance similar to Italian Pietra Gray at a competitive price.
- **Customizable Options:** Available in various finishes, dimensions, and thicknesses to meet specific design needs.
- **Sustainable Sourcing:** Quarried responsibly to minimize environmental impact.
